Anvil International can trace its roots back to the 1800s. Today, we remain the largest and most complete fitting and hanger manufacturer in the world, with manufacturing facilities in Columbia, PA; Henderson, TN; Longview, TX; Simcoe, Ontario; and North Kingston, RI. Together, we produce a package of quality products unmatched by any other single manufacturer.

Supply Sales Company, formerly Grinnell Supply Sales and Manufacturing, is now Anvil International, Inc. The new name reflects a revitalized organization with a clear sense of purpose and direction. This new vision will allow Anvil International to better meet the flow control needs of its customers with focused product offerings that include Gruklok<sup>®</sup> fittings and valves, malleable, forged and cast iron fittings, couplings, hangers and supports.

Gastite is a division of Titeflex Corporation, a world power in fluid and tubular piping systems since 1916. Based in Springfield, Massachusetts, Gastite has been a pioneer in fuel gas piping for more than ten years and continues to set the standard in the industry with product innovations, superior technical support and world-class customer service.

The Gastite system is a safe, time-saving and efficient method of installing piping for natural gas and liquefied propane gas. It utilizes corrugated, semi-rigid stainless steel tubing (CSST) with polyethylene jacketing and fully integrated, all-metal components. We offer a comprehensive system of fittings and accessories from our patented XR Series Fitting; to our exclusive Modular Stub System; to our regulators, mounting hardware and protection devices. Gastite also has available a complete line of polyethylene tubing and accessories for direct burial applications. Our products offer contractors and design engineers one-stop shopping for all their fuel gas-piping needs. This is why we say that at Gastite, the system is the solution.
