EcoAIR: Up to 36% Water Savings

Hansgrohe's Croma Green handshowers and showerheads provide the full, drenching coverage of a conventional high-end product, but at a water-saving flow rate of only 1.6 – 1.75 GPM. These environmentally friendly showers feature Hansgrohe's award-winning and innovative EcoAIR technology for enhanced "low flow" performance. Plus, we offer a variety of styles (E for transitional style, C for traditional design), several finish options, as well as models with invigorating multiple spray modes. Best of all, these products are available at a price that meets any budget, even with the high-end technology and characteristic Hansgrohe quality.

About Keeney

For over 87 years The Keeney Manufacturing Company has been manufacturing tubular brass products in Connecticut. Founded in New Britain, CT in 1923 the Keeney family of products has grown from coin air valves, to brass and plastic under sink repair parts, to quarter turn valves, bath drains, toilet repair parts and many more. Continually praised as an industry leader in both the wholesale and retail markets, Keeney and Plumb Pak thrive on exceptionally high order fulfillment rates, breadth of available products and customer friendly merchandising.

The Keeney Manufacturing Company is headquartered in Newington, CT and currently has facilities in four US states as well as Canada and China. Our lines of products can be found in retail locations and wholesale location in the United States and Canada.
